FROM THE RECEPTION OF THE

POWERFUL DRUG

The flowers of a specific plant on this planet are a powerful intoxicant when ground up or smoked or inserted various places. The drug provides an intense feeling of contentment to all those who consume it, although in a few cases people have been content to walk directly into powerful machinery. What are your orders?

- We don't want to tread on people's happiness, but walking into machinery isn't good. Establish treatment programs for anyone who wants them. And put up railings everywhere. + 10% BENEVOLENT, + 30% APPROVAL
- There's no sense leaving this opportunity in the hands of amateurs. Make the drug illegal, but begin research efforts to harness its pharmaceutical effects and find market uses for it. + 10% PRAGMATIC, -5% APPROVAL, + 10% ECONOMY, + 10% RESEARCH
- You say they're content with everything? Like more work? Give them the drug to make them work harder. Are the plants plentiful? They are? Fantastic. + 10% MALEVOLENT, + 30% PRODUCTIVITY

DONE

While the composer did a good job with the soundtrack. I am giving a negative review as this is not a DLC. If it were a DLC then the improved quality tracks would be used in-game.. Excellent soundtrack!. Do you like music? Then pick this up.. perfect!!! one of best soundtracks made by 4x space game

buy now!!!. Not as good as Endless Space.. pretty\u2665\u2665\u2665\u2665\u2665\u2665\u2665off that i had no choice but to purchase this when i bought the gold bundle, basically due to the fact that im deaf and i cant hear anything anyway.

i guess there is one good thing, it's not a sabaton soundtrack dlc like those stupid ones johan puts out for paradox interactive games (those dlcs are hilarious, especially due to the fact that i can put sabaton on spotify while i play or listen on youtube FOR FREE, man oh man someone needs to stop johan from taking advantage of people just because they are stupid)
